

April, 2020

Dear Parents,

I am excited that your child will be coming to Kindergarten at Woods Cross Elementary this fall! To be eligible for kindergarten, your child will need to be five years old on or before September 1, 2020.

Kindergarten registration materials are enclosed/included in this packet/file. Please carefully read and follow the kindergarten registration materials. Please bring all required paperwork into the school office anytime or save and email the materials to tamranderson@dsdmail.net (our head secretary). By opening up registration this way we hope to accommodate busy schedules and ease the registration process. The office is open from 8:00 A.M. to 1:30 P.M. When you bring your completed registration materials to the office, you will receive a special Welcome to Kindergarten package for your child.

The first day of school is Tuesday, August 25, 2020. Our kindergarten students and their parents come for one hour on that day. This is the Back to School session for our kindergarten students. There is no bus service for kindergarten students on the first day of school. Our kindergarten teachers will send home postcards with information about that first day and week around one week before school starts.

I look forward to next year. Please feel free to call the school office at (801) 402-1800 if you have questions or concerns.

Sincerely,

Buck Ekstrom

Davis County Schools

Dear Parent/Guardian,

Under the Utah Code 53a-11-501 to 503 schools are required to have proof of the identity of a student who is registering in the school for the first time. The requirement of the law is for the parent or the legal guardian to produce an original, valid state issued birth certificate as proof that the child is who the parent or guardian says he or she is.

We realize this may place a considerable burden on the parent or guardian as well as on the school, but in order to protect the interests of all children and to comply with the law, we must verify that all students have a valid state issued birth certificate that confirms who they are.

Dear Parents,

To avoid any confusion, we would like to explain the purpose of the questions on the registration form regarding languages other than English spoken in the home. In an effort to help students succeed in their education, the law requires that all students who are exposed a language other than English may be provided with alternative language services, if necessary. These students would include those who spoke another language before English, or whose parents speak a language other than English, etc. (This does not apply to a learned, second language).

The purpose of these services is, in no way to diminish or single out any student, but to help him/her get the most out of their education. Once they are identified as eligible for this service, they are assessed with a simple test to know the areas in which they need reinforcement. If parents, principals, or teachers of these students feel they need the services, they may be referred to the ESL department in the School District.

The school will also provide translation services, if needed, as indicated on the registration form. Please check the corresponding box if you feel you would need this service. A list of translators will be available through the school. The provision of translation services will be documented in the students' cumulative file.

We hope this information will be helpful. If you have any questions, please contact the ESL Department at 402-5161.

REGISTRATION INFORMATION PARENTS SHOULD KNOW FROM HEALTH AND NURSING SERVICES

Sharing Student Health Information- It is important to list any health information pertinent to the school setting in the “Health Problem” space on the Registration/ Demographic Card. If there are no health concerns, put a line through the “Health Problem” box. If the health status changes during the school year, ask the office to update the registration card and inform the school nurse. Some health conditions may require an Individualized Health Care Plan (see below).

Behavioral and mental health needs should also be listed on the card and discussed with an administrator or teacher. These concerns will be addressed as needed by professionals other than nurses.

Vision screenings may be conducted any time during the school year throughout the district for any student. Various methods such as eye charts and refraction cameras may be used. If you do not want your student to participate in screenings please notify the school in writing every year. Forms are available on the DSD Website. *

Medication policies at school- Responsible students may keep a one day’s dosage (this includes an inhaler) of most medications with them. Completion of paper work is required for medications administered by school staff. Certain medications such as injectable, controlled substances and some others have special policies for school use. Check with the school nurse for individual circumstances. Guardians are responsible to know and follow guidelines for medications as outlined on the DSD Website. *

*Visit **www.davis.k12.ut.us** and choose **Departments** then **Nursing Services** for further information, protocol and contact information for the school nurse.

Students with health issues requiring assistance may need an Individualized Health Care Plan

- A school nurse and guardian will work together to form a plan of care that will be in place for a 12-month period or until modified.
- Please ensure your student’s health needs are taken care of until the guardian, teacher and nurse sign an Individualized Health Care Plan.
- You may view your student’s current plan by using your myDSD login.

All appropriate school staff may view information in the “Physical Status of Student” portion of the registration card.
